Our expertise combined with our extensive knowledge and creative skills help you get more than answers, we deliver solutions. Our creative solutions take the ordinary and turn it into the extra-ordinary.

Site

Worldwide Cruise Associates is a client orientated product sourcing corporate travel company based in Fort Lauderdale, Florida – USA. Worldwide is pleased to be able to count most of the world’s cruise lines as suppliers with whom we have a special relationship.

This translates to be a winning scenario for our clients who rely on Worldwide to source cruise products for their clients programs and negotiate the best pricing based on the volume of business Worldwide contracts.

In 2014 / 15 Worldwide celebrated it's 25th year in business during which time we have delivered literally hundreds if not thousands of successful programs.

Worldwide is often mistaken for a maritime incentive house and nothing could be further from the truth, in fact we act as an independent (not tied to any cruise-line) resource / out-source travel supplier to mostly other travel and lifestyle companies.

Travel is one of the most rewarding diversions, cruise to remote places and discover the pleasures they have to offer, the culture, cuisine and scenery make your voyage worthwhile.

Worldwide goes to great length to ensure it does not compete with its travel industry clients by remaining totally in the background and dealing solely with our clients, never the end user. In nearly all cases the end user has no idea that Worldwide is involved in their program and as such Worldwide is perceived to be a consulting company assisting with the programming of their trip.

HAIMARK® LINE 

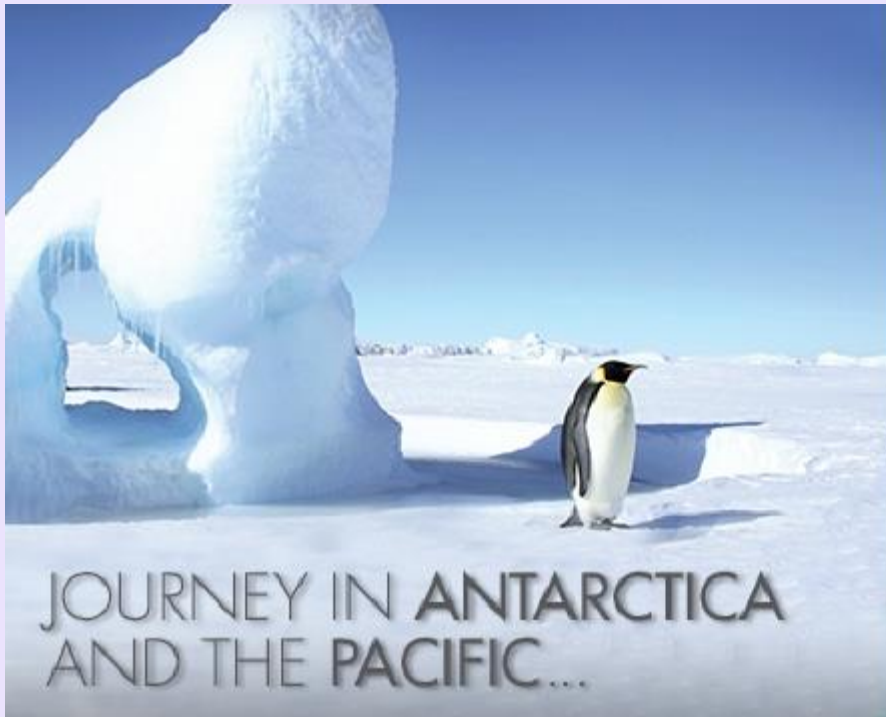

Worldwide Cruise Associates is committed to providing our clients the highest quality of professional service in the cruise industry, to providing the best possible solutions to your cruise needs thereby ensuring the best possible results for clients programs. By focusing almost exclusively on the corporate cruise market Worldwide has established itself as one of the industry leaders in this fast growing segment of the Travel Industry. Our annual sales volume translates to major savings for our clients in the same way our cruise coordination department brings savings to our clients bottom line.

Worldwide Cruise Associates

Worldwide is reknown for the variety of vessels they are able to offer their clients for programs that range from groups of thousands to more intimate cruises of a dozen or more friends or business colleagues. The type of cruises and style of ships is vast. From river barges and rivers ships which cruise all the major rivers in Europe from the Black Sea to the North Sea as well as ships in Vietnam, Cambodia and Halong Bay even the Zambezi, to ocean going cruise ships that range from billionaires yachts to today's mega-ships. Worldwide has supplied ships of all types to our clients for many types of programs ranging from incentive programs for Fortune 500 companies to family weddings on a grand scale. If you can dream it, we can supply it.

Worldwide Cruise Associates is able to locate and arrange for clients to have vessels cruise exotic destinations where the run of the mill cruise lines do not normally operate. The South Pacific has been in favor over the last few years as has river cruising (currently the fastest growing segment of the cruise industry). Worldwide is happy to work with clients to design cruises that deliver a truly exciting and unique experience for those lucky enough to sail on them. Incentives in particular should in our opinion be more than just a boat ride on a nice ship, they should be designed to create the maximum wow factor, we want those winners to go home and be the envy of their friends and colleagues when they describe the cruise they won from their Company.
